No Animal Testing Kornit Consumables Declaration

To whom it may concern,

Kornit hereby declares that our formulations are free from any animal sources and were not tested on animals.

The above mentioned is based on a comprehensive examination done on the chemicals used by Kornit and the information provided by Kornit suppliers.

Kornit inks are water-based and containing mainly synthetic ingredients. The vegetable ingredient source are from palm trees extracts from RSPO certified supplier.

Note that Kornit inks, are not edible and are not intended for ingestion.

Please read the respective SDS documentation of Kornit's products prior to use.

Sincerely,

DocuSigned by:
